

Heath Village May Employee Newsletter

ANNUAL EMPLOYEE HEALTH SCREENINGS

Hours: **Tuesdays 1:00 p.m. to 2:00 p.m.**

Thursdays 4:00 p.m. to 5:00 p.m.

Location: **Meadows Admin Building Exam Room**
 (located behind reception desk)

Please be reminded that all employees are required by the State of New Jersey Department of Health to undergo an annual Tuberculin (TB) screening. In conjunction with this requirement, the nursing department employee health nurse will also provide a health screening, which will include a blood pressure screening.

Employees must have their arm read within 48-72 hours after the TB skin test is administered. Failure to adhere to these guidelines will result in additional tests. Your arm can be read during above noted Employee Health hours -OR- by visiting a nurse at the Laurel Household at the Meadows.

Reminder notification slips are provided as a courtesy the month before your employment anniversary; however it is each employee's responsibility to ensure their screening is completed. Please be reminded that annual pay increases will not be effective until all aspects of the screening are completed.

If the required screening is not completed within 30 days of an employee's anniversary date, you may be removed from the schedule.

If you have any questions, please contact Gina Martinez, RN, our Employee Health Nurse, via Phone: (908)684-5223 or Email: gmartinez@heathvillage.com.

Thank you for your cooperation.

♥ National Nurses Week ♥

May 6-12 was National Nurses Week, a time when we place special focus on celebrating our amazing Nursing staff and honoring all the hard work and endless efforts of our nurses across all areas of our campus to keep our community strong, healthy, happy, thriving and safe. We are lucky to have such a dedicated staff and would like to extend a big **Thank You** for the exceptional care each and every one of them provide our residents every single day!

NATIONAL **SPEECH-LANGUAGE-HEARING** MONTH

► May Celebrates Better Hearing & Speech Month ◀

“National Speech-Language-Hearing Month provides an opportunity to raise awareness about communication disorders and the role of ASHA members in providing life-altering treatment.” Speech, language, and hearing all assist us in communicating with one another. But did you know that an estimated 5% to 10% of Americans have a communication disorder that affects one or more of these areas? It is essential to raise awareness about these disorders so that speech, language, and hearing experts can provide intervention and treatment when necessary.

In light of this, the month of May has been declared Speech-Language-Hearing Month.

Thank you to our wonderful Speech Therapists - Cathy Deehan & Shanon Walsh.

Our village is very fortunate to have this dynamic duo supporting our community each and every day.
